

Keep the Bone 100% fit with...

CALROMA[®]

Calcium Citrate Maleate 1000 mg + Magnesium Hydroxide 100 mg + Zinc Sulphate Monohydrate 7.5 mg + Sodium Borate 250 mcg + Vitamin D3 400 IU + Manganese Sulphate 2 mg + Copper Sulphate 1 mg + Vitamin K2-7 90 mcg + Colloidal Silicon Dioxide 2 mg + L-Arginine base 50 mg + L-Lysine mono HCl 100 mg

Highly potent combination of bone building nutrients

CALROMA = STRONGER BONES

- **CCM + Zn** effectively reduce the severity of the incidence of hypocalcemia & plays vital role in growth and regeneration of bone
- **Vitamin D3** helps in absorption of calcium from blood
- **Vitamin K2** Essential in transporting calcium from blood to bones and reduces chances of calcium deposition in arteries.
- **Magnesium & Boron** prevents calcium deposition in muscles
- **L-Arginine & L-Lysine** helps in bone formation and regenerates bone collagen

- **Hypocalcemia**
 - **Osteoporosis**
 - **Osteopenia**
 - **Post Menopausal Osteoporosis**
- In
- **Senile Osteoporosis**
 - **Bone Fracture**
 - **Osteomalacia**
 - **Renal Osteodystrophy**

- **CCM + Zn** effectively reduce the severity of the incidence of hypocalcemia & plays vital role in growth and regeneration of bone
- **Vitamin D3** helps in absorption of calcium from blood
- **Vitamin K2** Essential in transporting calcium from blood to bones and reduces chances of calcium deposition in arteries.
- **Magnesium & Boron** prevents calcium deposition in muscles
- **L-Arginine & L-Lysine** helps in bone formation and regenerates bone collagen

- In**
- **Hypocalcemia - During Pregnancy**
 - **Post Menopausal Osteoporosis**

NO RISK OF KIDNEY STONES

CALROMA[®] *The best calcium composition in Indian Market*
