

JOCIXTM $\frac{250}{500}$

Azithromycin 250 mg / 500 mg Tablets

“Studies prove that once a day Azithromycin has 97% compliance rate”¹

- Highly susceptible against gram positive, gram negative & anaerobic pathogens
- Excellent penetration in various body tissues and macrophages
- Long half life of 68 hours with post antibiotic effect ensures once a day dosing
- 3-5 days OD dosage schedule increases patient compliance
- When given empty stomach bio availability is increased
